

\$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) The Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

4. *Performance Measures:* We have established the following five performance measures for the MSAP:

(a) The number and percentage of magnet schools receiving assistance whose student enrollment reduces, eliminates, or prevents minority group isolation.

(b) The percentage increase of students from major racial and ethnic groups in magnet schools receiving assistance who score proficient or above on State assessments in reading/language arts as compared to previous year's data.

(c) The percentage increase of students from major racial and ethnic groups in magnet schools receiving assistance who score proficient or above on State assessments in mathematics as compared to previous year's data.

(d) The percentage of magnet schools that received assistance that are still operating magnet school programs three years after Federal funding ends.

(e) The percentage of magnet schools that received assistance that meet the State's annual measurable objectives and, for high schools, graduation rate targets at least three years after Federal funding ends.

Note: Recognizing that States are no longer required to report annual measurable objectives to the Department under the ESEA, as amended by the ESSA, we include this performance measure in order to ensure MSAP grantees monitor and report high school graduation rates. States must establish and measure against ambitious, long-term goals; we encourage MSAP grantees to consider these State goals and incorporate them into their annual performance reporting as appropriate.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Tests Determined To Be Suitable for Use in the National Reporting System for Adult Education

AGENCY: Office of Career, Technical, and Adult Education, Department of Education.

ACTION: Notice.

SUMMARY: The Secretary announces tests, test forms, and delivery formats that the Secretary determines to be suitable for use in the National Reporting System for Adult Education (NRS). The Secretary also clarifies that, to provide for the transition from the performance accountability system for the Adult Education and Family Literacy Act (AEFLA) program under the Workforce Investment Act of 1998 (WIA) to the performance accountability system for AEFLA as reauthorized by the Workforce Innovation and

Opportunity Act (WIOA), this announcement will remain effective until June 30, 2019.

SUPPLEMENTARY INFORMATION: On January 14, 2008, we published in the **Federal Register** final regulations for 34 CFR part 462, Measuring Educational Gain in the National Reporting System for Adult Education (NRS regulations) (73 FR 2306). The NRS regulations established the process the Secretary uses to determine the suitability of tests for use in the NRS by States and local eligible providers. We annually publish in the **Federal Register** and post on the Internet at www.nrsweb.org a list of the names of tests and the educational functioning levels the tests are suitable to measure in the NRS as required by § 462.12(c)(2).

On April 16, 2008, we published in the **Federal Register** a notice inviting test publishers to submit tests for review (73 FR 20616).

On February 2, 2010, we published in the **Federal Register** a notice (February 2010 notice) listing the tests and test forms the Secretary determined to be suitable for use in the NRS (75 FR 5303).

The Secretary determined tests and test forms to be suitable for a period of either seven or three years from the date of the February 2010 notice. A seven-year approval required no additional action on the part of the publisher, unless the information the publisher submitted as a basis for the Secretary's review was inaccurate or unless the test is substantially revised. A three-year approval was issued with a set of conditions to be met by the completion of the three-year period. If these conditions were met, the Secretary would approve a period of time for which the test may continue to be used in the NRS.

On September 12, 2011, we published in the **Federal Register** (76 FR 56188) an annual notice of tests determined suitable for use in the NRS (September 2011 notice). The September 2011 notice updated the list published in the February 2010 notice and included suitable test delivery formats. The September 2011 notice clarified that some, but not all, tests using computer-

adaptive or computer-based delivery formats are suitable for use in the NRS.

On August 6, 2012, we published in the **Federal Register** (77 FR 46749) an annual notice of tests determined suitable for use in the NRS (August 2012 notice) that included the same list of forms and computer delivery formats for the tests published in the September 2011 notice. We also announced a sunset period during which States and local providers could continue to use tests with three-year NRS approvals otherwise expiring on February 2, 2013, during a transition period ending on June 30, 2014.

On January 25, 2013, we announced in the **Federal Register** (78 FR 5430) an extension of the approval period for tests approved for a three-year period beginning on February 2, 2010. The approval period was extended from February 2, 2013 to September 30, 2013, without affecting the sunset period ending on June 30, 2014.

On December 12, 2013, we published in the **Federal Register** (78 FR 75550) an annual notice of tests determined suitable for use in the NRS (December 2013 notice) that updated the August 2012 notice and provided an extension of the approval period for three tests initially approved for a three-year conditional period from February 2, 2010. The approval period was extended to June 30, 2015. We also announced an extension of the approval period for one additional test—a revised version of a test previously approved for a three-year conditional period from February 2, 2010. The approval period for that test also was extended to June 30, 2015.

On October 29, 2014, we published in the **Federal Register** (79 FR 64369) an annual notice of tests determined suitable for use in the NRS (October 2014 notice) that updated the December 2013 notice. We announced that the four tests with approvals extended through June 30, 2015, may be used in the NRS during a sunset period ending on June 30, 2016.

On August 12, 2015, we published in the **Federal Register** (80 FR 48304) an annual notice of tests determined suitable for use in the NRS (August 2015 notice) that updated the October 2014 notice. We announced that three tests, previously approved for an extended period through June 30, 2015, were approved for an extended period through February 2, 2017, and one test—a revised version of a test previously approved for an extended period through June 30, 2015—was approved for an extended period through February 2, 2017.

In this document, the Secretary announces the list of tests and test forms determined to be suitable for use in the NRS. These include: (1) The eight tests previously approved for a seven-year period from February 2, 2010 through February 2, 2017 and now approved for an extended period through February 2, 2019; (2) three tests previously approved for an extended period through February 2, 2017 and now approved for an extended period through February 2, 2019; and (3) one test—a revised version of a test previously approved for an extended period through February 2, 2017—for which the Secretary is extending approval through February 2, 2019. The Secretary is taking this action to extend the approval periods for all 12 of these tests through February 2, 2019 in light of the following intervening factors: (1) The Department's plan to implement new descriptors for the NRS educational functioning levels and implement new regulations in 34 CFR part 462 that became effective on September 19, 2016 and that will govern the assessment review process; (2) the Department's desire to minimize disruption for its grantees in the transition to AEFLA as authorized by WIOA, including with respect to measuring educational gain under the NRS; and (3) the attendant transition authority in section 503(c) of WIOA, which authorizes the Secretary of Education to "take such actions as the Secretary determines to be appropriate to provide for the orderly transition" from AEFLA as authorized by WIA to AEFLA as authorized by WIOA.

Approved Tests, Forms, and Approval Periods

Adult education programs must use only the approved forms and computer-based delivery formats for the tests published in this document. If a particular test form or computer delivery format is not explicitly specified for a test in this notice, it is not approved for use in the NRS.
